Tapeswitch protects mining professionals with TS-46 Sensing Edge

Farmingdale, NY...May 2008

Contact: April Sabbatini
(631) 630-0454

For the past 20 years, Tapeswitch has been supplying the mining industry with its TS-46 Sensing Edge. It is a general purpose, medium profile sensing edge. This failsafe sensing edge is used by thousands of mining professionals through out the country.

The TS-46 Sensing Edge is essential in the safeguarding of mining professionals. Barry Lipsman, Sales Manager at Tapeswitch adds, "In an industry whose utmost concern is the safety of their personnel, Tapeswitch is proud to be an essential supplier."

Whether Tapeswitch is dealing with large OEM's, or small re-sellers, their customers are always treated with the same outstanding level of customer service that is second to none. Tapeswitch also prides itself on being able to react to meet the needs of their customers' specific safety requirements.

Tapeswitch is the leading manufacturer of electronic safety equipment. Tapeswitch offers a full line of sensing and signaling products for protection, detection and safety.

For a free audit by a Tapeswitch Regional Sales Manager, or to view their extensive line of products, visit them online at www.tapeswitch.com or call toll-free at 1-800-234-8273 and speak to Barry Lipsman. To find a local supplier please email us at mining@tapeswitch.com
